ONE DOLLAR YEAR IN ADVANCE

THURSDAY, MAY 3, 1906

## BUCKLIN BREEZES.

J. B. McBrayer is quite sick at his home west of Bucklin.

G. W. Shidner has bought the Sewall residence property on Front street.

O. L. Van Vleet has gone to Excelsior Springs for the benefit of his health.

G. F. Trager and family arrived home from California last Thursday evening.

J. B. York has moved to Hutchinson, Kas., where he expects to engage in the street railway building business for the present.

Mrs. L. M. Taylor, Mrs. O. E. Williams and N. O. Peacock, all of Bucklin, are attending the S. S. convention at Lawrence this week.

J. T. Jones has bought the coal and feed business of S. E. Coons, and will continue it at the old stand, regardless of where the division stops.

Jessie Handy went to the hospital at Hutchinson last week where he underwent an operation for rupture. He was getting along very well when last heard from.

Well this part of the country was blessed with another fine rain Sunday and Monday, and the farmers are feeling good over their prospects of a bumper wheat crop.

Mr. and Mrs. S. E. Coons went last week to Excelsior Springs, where they will remain for a time, for the benefit of Mr. Coon's health which is very poor at this time.

A little son of D. D. McIntyre met with a painful accident Monday evening; while playing he in some way dislocated one of his fingers. The doctors here failing to reduce the dislocation, his father took him to Hutchinson to have the operation performed.

W. H. Dellinger has again commenced work on his store building on the corner of Main and Oak streets. Mr. Dellinger commenced the building last fall, but the weather got too cold to work the cement and he laid the workmen off, until Tuesday of this week, when they went to work again and will now complete the building.

**DEAD**—At his home in Bucklin, Saturday night, April 28th, 1906, Alexander Hunter. Four days before his death, Father Hunter was attacked with erysipelas in the face. It grew steadily worse until Saturday night, when he passed from his troubles here to his rest beyond the river. Funeral services were held at the house Monday, April 30th at 2 o'clock p. m. conducted by Rev. C. E. Williams, pastor of the M. E. church at Bucklin. He was buried in the Bucklin cemetery. Father Hunter was born in Indiana in 1832, and he spent the greater part of his long life in his native state. At the age of 18 years he united with the Baptist church, and remained a consistent member of that church until the hour of his death. He was married in 1852, was the father of three children, two girls and one boy. One of the girls died some

years ago, his wife and the other two children, J. P. Hunter and Mrs. W. G. Oxley, survive him and were with him at the time of his death. Mr. Hunter was 83 years, nine months and 22 days old, at his death.

Bears the Signature of *Dr. J. C. Fletcher*

**Buster Brown.**  
Melville B. Raymond's Big "Buster Brown" of comic supplement come loaded down with a brand new set of resolutions and accompanied by his pet dog Tige, his companion in crime, will be the attraction at the Gluck theater, Wednesday, May 4. The antics of this well known character and his dog, Tige, to put it mildly, are exuberantly funny and "Americas Toy Comedian" is a little genius in his way. He is said to be in his twenty-second year, but in stature a midget, being several sizes smaller, even, than Tige, and he romps through his part with unfailing spirit. Childlike he is not, except in stature and looks, but he is impossibly clever. He delivers a cur-tain speech as neatly carpentered as an effort by Augustus Thomas at his best. His imitations of the walk of affected womanhood is a masterpiece of acutely observed caricature. Almost equally clever is the canine dog Tige. His un-zie is, in fact, far more dog-like than his original of the drawing. His eyes roll wickedly in the manner of a bridle bull pup and his mouth is expressive in every tooth. Interspersed with the pranks of the boy and dog are a succession of songs and dances, tumbling and musical drills that are very ably executed. One of the songs is on the familiar topic of "Resolved." On the whole, the present offering is far more successful than the general run of dramatization not even of a novel, but of pictures.

Melville B. Raymond will also direct the tour of the season of Master Gabriel in "Little Jack Horner," Little Nicks in "Miss Bo-Peep," and William & Walker in Abyssinia.

### Annual Convention State Temperance Union.

The State Temperance Union has been very fortunate in securing Dr. Louis Albert Banks and Father James M. Cleary for the Annual Convention, which will be held in Topeka May 9, 10 and 11. They are both men of national reputation.

Dr. Banks is in the prime of his powers and has been something of a whirl-wind pastor in Boston, New York, Brooklyn, Cleveland, and the West. He is the author of a half hundred books and an able fighter of the whisky traffic. His subject, "Christianity's Mission to Politics," suggests that each has business with the other and both are indispensable to the wellbeing of man.

Father Cleary is the priest of Minneapolis, Minn., and has the greatest respect of all the church people who know him—a great orator, a profound scholar, a lover of men, an efficient fighter of the saloon, a man to whom too much credit can not be given for the recent Sunday closing in Minneapolis.

Besides these there will be Prof. E. F. Miller, Chicago's greatest singer, and a host of others of the strong temperance men of the country.

The railroads have granted a special rate of one fare plus fifty cents for the round trip to the Convention from all points in Kansas, including Kansas City and St. Joe, Mo., except where a fare and one-third is less; tickets on sale May 7-10, good for returning up to and including May 11th.

### Review of Weather.

For week ending Wednesday, May 2, 1906, as furnished by T. J. Considine of the local Weather Bureau.

Only three of the preceding thirty-two Aprils, have been warmer than the one just past, 1884, 1894 and 1896. The rainfall was a trifle over one-tenth of an inch below the average, making a total excess of .28 inch for the first four months of 1906. The mean temperature for the month was 57 degrees. The highest temperature being 89 degrees on the 23d, and the lowest 31 degrees on the 3d with an absolute range of 58 degrees. The rainfall for the month was 1.79 inches. Measurable amounts occurred seven times and quantities too small to measure occurred six times during the month. The total wind was 10361 miles with an average hourly velocity of 14.4 miles; the highest wind was 48 miles from the south on the 7th.

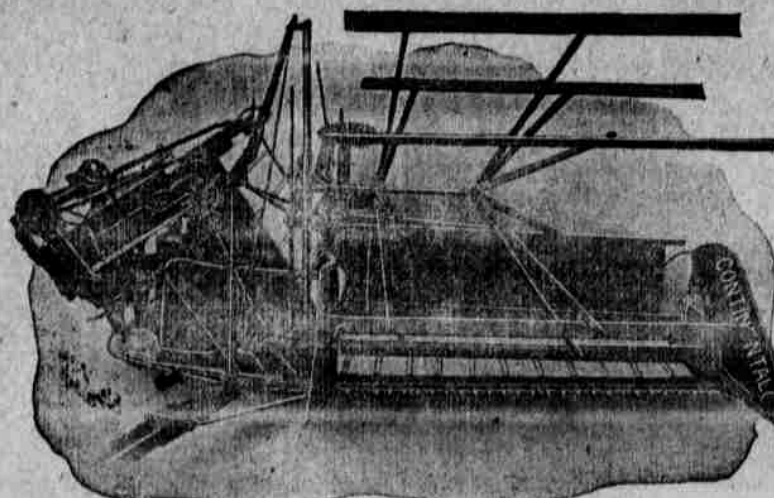

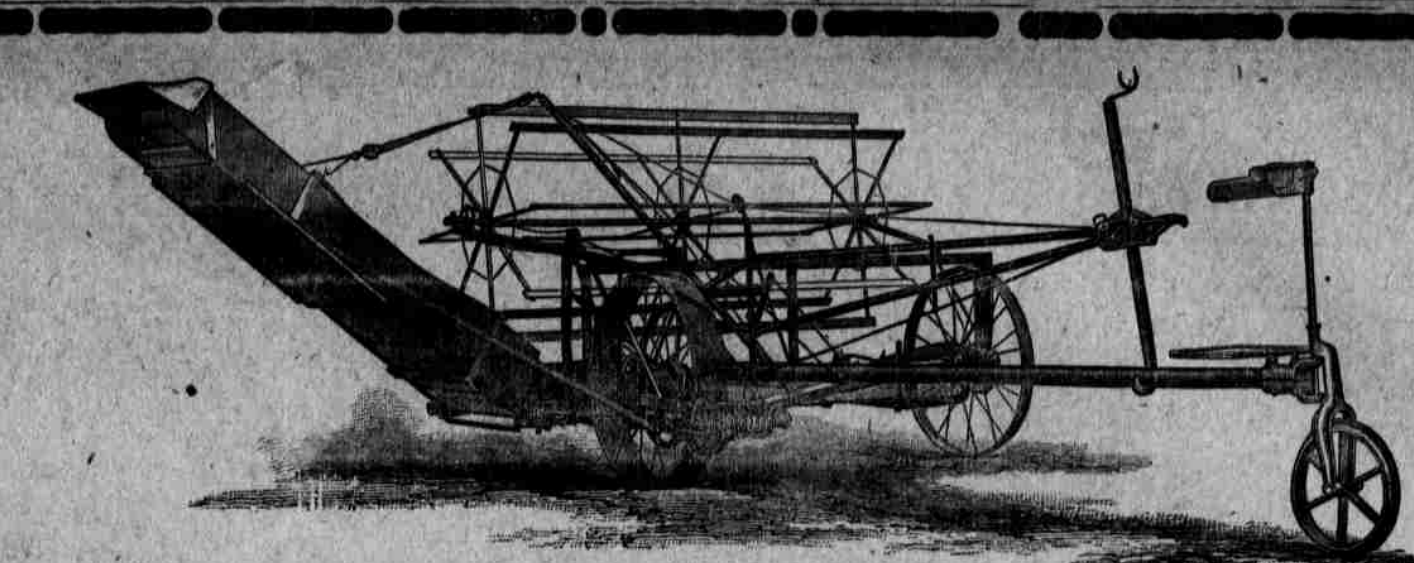

### Imported Percheron.

Imported Percheron Stallion "Deliguo" No. 51895, (Registered in American Percheron stud book No. 34709.) the best horse ever brought to this part of the country. Imported from France in 1903. "Deliguo" will be at A. S. Broadley's place on Mondays and Tuesdays and at Hays Belmar's Wednesday and Thursday and at West's livery barn in Dodge City on Fridays and Saturdays.

Terms—\$15 to insure a living colt, \$12 to insure mare with foal.

### To Cure a Cold in One Day.

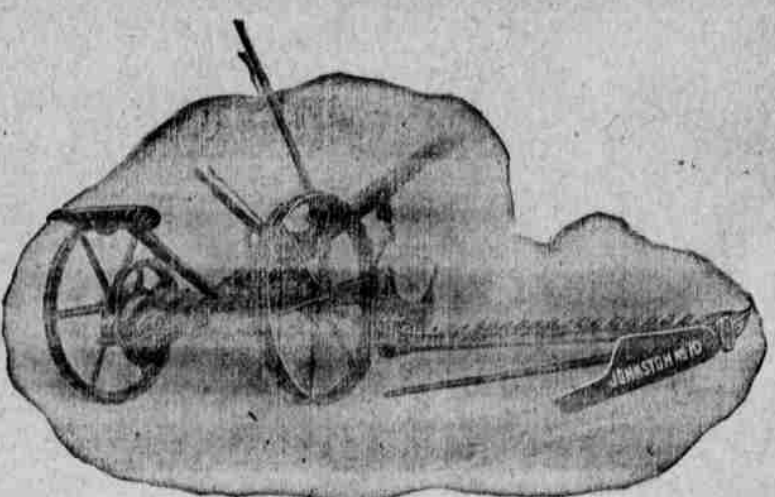

Take Laxative Bromo Quinine Tablets. All druggists refund the money if it fails to cure. E. W. Grove's signature is on each box. 25c.

The farmers in this country are American citizens and believe in Liberty and Freedom of choice which is every man's right. The trust question compels the farmer to take sides he cannot ignore the situation, even if he wishes to do so. Aside from the moral question of right and wrong and whether right shall make right. There is the serious question of policy—the position of this company as Independent Dealers of Harvesting Machinery remains the same as it has been and we will continue to buy and sell the best.

The Johnston Harvester Co. says: "We are not in the trust. No stock holder in the trust holds any stock in the Johnson Harvester Co., and no stock holder in the Johnson Harvester Co. holds any stock in any other Harvesting Machine company, nor have we any agreement verbal or written, or stand in any position which in any way tends to compromise our independence." We will be glad to show you samples and give you prices, which will interest every farmer. If you are not acquainted with us please call and let us get to know you. Our guarantee and our manner of making good what we say will please you and be of great benefit to you for we say what we will do and do what we say. You can always find us when you need repairs.

We are very grateful to our customers and patrons for the way in which they have upheld our position as independent dealers. They will have no reason to regret their action, on the contrary they can always be sure of up-to-date machines and have the advantage of a good big line of repairs, which are on our shelves for all machines we sell and all at the right prices which are lower than the trust. Prompt, careful, courteous attention when they buy JOHNSTON Headers, Binders, Mowers, Corn Binders, Hay Rakes and Disc Harrows. We have a complete line for all kinds of farming now ready at our store and sales rooms, and invite the careful inspection of all farmers.

## THE CURSE OF COLIC

Your best horse is no doubt worth \$200.00 or more. All of your horses are liable to a sudden attack of colic. You cannot afford to lose them.

When colic comes there is no time to plan no time to drive miles in search of aid, no time to mix old-fashioned medicines. A quick and certain cure is necessary.

There is a cure for all kinds of colic, wind colic, spasmodic colic, flatulent colic and indigestion, which comes from eating too fast, over loading the stomach or drinking too frequently. **THAT CURE IS**

## Rawleigh's Mountain Herb Liniment

I sell this wonderful, pain relieving medicine on a positive guarantee to cure colic in horses, or no pay. I want every owner of horses who reads this advertisement to keep a bottle of this Liniment on my Free Trial Plan and test it on the most severe cases of colic and if it fails—but it never will—the trial will cost you absolutely nothing. It is the greatest colic medicine of the age. This is a strong claim but I can prove it—every word of it. If your horse gets sick a \$1.00 bottle may save you \$100, perhaps \$200.

Can you afford to take the risk of being without it? Think this over until the Rawleigh Man calls.

I am the Rawleigh Man.

Several choice registered yearling Shorthorn Bulls for Sale. Address L. A. Mead, Kingdown, Kansas, or call at farm, one mile north of Bloom, Kansas, or see W. H. Lord, Dodge City.

## It Takes Nerve

Everything depends upon your nerves. It is nerve force that causes the brain to direct the motion of your body; it is nerve force that causes your heart to pulsate, and send the blood through your veins; it is nerve force that causes your stomach to digest food, your kidneys to filter the blood, and the liver to secrete bile.

In fact, nerve force is the power that runs your body, so if you feel worn-out, irritable, nervous, cannot sleep, or eat well, have pain or misery anywhere, your nerves are weak, and your system run-down. To restore this vitality take Dr. Miles' Nerve which will strengthen and build up the nerves. You cannot be healthy without strong nerves. "For eighteen years Dr. Miles' Nerve and Anti-Pain Pills have been my close companions. Early in married life, while raising children, my nerves became all worn-out—could not sleep, had no appetite; indigestion very bad, and had such awful dizzy spells. Then I began using Dr. Miles' Nerve, and at once I began to improve, and soon found myself in perfect health."

MRS. S. L. YOUNG, 334 Pittsburg St., New Castle, Pa.  
Dr. Miles' Nerve is sold by your druggist, who will guarantee that the first bottle will benefit. If it fails, he will refund your money.
